

# AmberTiger - An Overview

**AmberTiger provide rotary based mission training and support solutions to military organisations, government departments and the Oil and Gas industries.**

**All our services and solutions are provided to exacting and exceptional UK Special Forces Aviation standards.**

*When Agusta Westland needed the ultimate in Tactical Training Solutions delivered in-country for their AW109 customer... They turned to AmberTiger.*

*When a West African Government needed to deploy a helicopter support team rapidly and effectively, operating from remote bases ... They turned to AmberTiger*

*When Lockheed Martin needed a Simulated Training Solution for the UK Chinook fleet, as part of a complex support package... They turned to AmberTiger.*

## Core Values

Passionate about being the industry benchmark

Trusted to add value to every customer.

UK Special Forces history and heritage.

Providing world-class services wherever and whenever needed.

Fully scoped project both on time and to budget.

Partnership philosophy towards projects.

A new digital approach to specialist courseware.

Over 80 years combined experience.

Specialist provider of course and scenario based training solutions.

Full UAV provision and training capability.

Global aviation support.

AmberTiger operates with the ethos and mindset bred from a team steeped in UK military experience, ensuring our clients are trained to the highest levels and projects are deployed and supported, without compromise.

Military and civilian projects ranging from tactical training, through asset monitoring, to full operational support are provided anywhere in the world and at any time, utilising traditional helicopter solutions coupled with the rapidly growing field of UAV support and services.

Our capability extends across:

- A full range of Mission Training, from course design through to total training solutions and the establishment of in-country training centres.
- Operational Support for helicopter and UAV programmes from short term assignments to longer term projects where AmberTiger oversees the staff, aircraft and resources.
- Provision of Specialist Equipment to our government clients, through our range of selected partners.
